

Student Disability Grievance/Appeal Procedure

Mount Marty students have the right to file a grievance when they believe they are a qualified individual with a disability and have been adversely affected by an improper application of College policy.

When a student believes he/she has been subjected to prohibited discriminatory treatment in the context of the College's compliance with the Americans with Disabilities Act of 1990, they are initially encouraged to work with MMC personnel to resolve the matter informally. If the parties involved cannot agree on an equitable resolution, the following procedure should be followed:

1. The student may file a written complaint with the Dean for Student Affairs. If the Dean is of the reasonable opinion that the matter of the complaint falls within the functional review area of another office or department of the College, the complaint will be referred for inquiry and resolution.
2. The Dean/Officer hearing the grievance will conduct an inquiry into the matter, with the discretion to appoint an individual(s) to review the matter as he/she determines is appropriate. The Dean/Officer will establish a schedule and procedure of inquiry, and after gathering all relevant information, make a final decision. This decision will be communicated in writing to the student, and will conclude the matter. Any recommended corrective action will be implemented.
3. All parties should seek to act promptly in resolving disagreements and grievances involving disabilities. Each phase of the process should be completed within 10 days, with the understanding that particular matters may take longer for a variety of reasons.

Drug Policy

Students are expected to abide by state and federal laws prohibiting unlawful manufacture, possession, purchase, use or distribution of controlled substances. *If a*

student is found with drugs on campus, local police will be called immediately. Students who are convicted of a violation of federal or state criminal drug statutes as a result of criminal activity will be subject to college disciplinary action in addition to the penalties imposed by state and/or federal law. College disciplinary action may include expulsion and/or required attendance in an appropriate rehabilitation program. Refer to the Student Discipline section of this handbook for additional information.

When a student seeks assistance from a member of the Student Affairs Staff for drug abuse, normal disciplinary procedures may be suspended provided appropriate assessment, education, rehabilitation and/or follow-up care is completed.

It is the college's policy to provide drug education programs that are designed to increase awareness and knowledge of healthy lifestyle alternatives. Programs and publications offered during new student orientation and throughout the academic year provide information regarding the description of the effects of illegal drugs; addresses and phone numbers for help agencies and the description of education programs.

Identification Cards

Students are required to obtain an identification card in the Office for Student Affairs. An identification card is required for the use of the cafeteria, library, health service, attendance at athletic events and for other campus services and activities. Students are required to carry their ID card and present it to college officials upon request. The cost of a replacement card is \$10.

Immunization Policy

Mount Marty College requires all students to complete the Comprehensive Student Health Form prior to the first day of classes. The form is available online at www.mtmc.edu/student/health or at the Student Affairs office. This form includes a health history essential for appropriate treatment of acute conditions, to ensure continuity of care for chronic conditions and to comply with immunization requirements.

Students who do not provide immunization documentation may be subject to exclusion from class if it is determined that there is a contagious disease outbreak on campus. If an individual can neither prove current immunity nor submit to vaccination, they will be subject to exclusion orders as recommended by the South Dakota Department of Health. In these cases, Mount Marty College will make reasonable efforts to accommodate the exclusion order, but accommodations may not be possible in all cases. Mount Marty College, in cooperation with the South Dakota Department of Health, will respond to public health emergencies caused by the outbreak of contagious diseases. If you have further questions, please call the Health Services Director, at 668-1587.
